RED MEN CHIEFS CONFER.

Heads of Louisiana Reservation Hold Interesting Session Here.

A council of the great chiefs of the Louisiana reservation, Improved Order of Red Men, was held here Sunday forenoon in the wigwam of Mohawk Tribe No. 33, with the following present: G. P. Reynolds, New Orleans, great sachem; George A. Treadwell, New Orleans, great chief of records; Elric Robinson, St. Francisville, great prophet; Dr. P. T. Thibodeaux, Donaldsonville, great junior sagamore; Paul J. Gislard, Donaldsonville, great keeper of wampum; Phil. Drais, Shreveport, great trustee. There being a vacancy in the office of great senior sagamore, the great sachem appointed Dr. P. T. Thibodeaux, great junior sagamore, to serve in that capacity for the remainder of the term. Phil. Drais, great trustee, was elevated to the post of great junior sagamore to succeed Dr. Thibodeaux, and F. M. Stuntz of Uncas Tribe No. 64, of Brusly Landing, was designated by the great sachem to replace Mr. Drais as great trustee.

A resolution was adopted levying a tax of 15 cents per capita upon all members of the order in Louisiana, to provide a special fund for the payment of dues of those Red Men belonging to the various tribes in the state who have joined the country's fighting forces. Every member of the fraternity called to the front will be maintained in good standing in his respective tribe at the expense of the organization as a whole, throughout the period of the war, and will be entitled to all benefits and privileges.

It was recommended that a per capita assessment of 25 cents be levied for the ambulance fund, the purpose of which is to purchase and equip standard motor ambulances to be presented to the American Red Cross as a contribution from the Improved Order of Red Men. A number of these vehicles have already been provided by the reservations of the large northern and eastern states, and it is hoped to raise a sufficient amount in Louisiana and Mississippi by means of the proposed per capita tax to purchase an ambulance for the service as the joint gift of the two states. The conveyances cost \$1,000 each.

After completing the business before them, the great chiefs adjourned to the Hotel Donaldson for dinner. Messrs. Robinson and Drais left for home on the 2:27 p. m. T. & P. train, and Messrs. Reynolds and Treadwell returned to New Orleans on train No. 24 at 3:27 p. m.

He kept a store on the site of Mrs. Wahl's present establishment in Mississippi street, near St. Patrick. The young soldier expresses his delight at the prospect of seeing the land of his ancestors, and hopes to do his "bit" toward driving the invaders out of La Belle France. He is anxious to hear from friends and will also appreciate newspapers from this section. His address is Camp Grant, 21st Engineers, Rockford, Ill., and should mail reach that place after his departure it will be forwarded to him.

BIG FAIR AGAIN SCORING SUCCESS.

Fifth Annual Exhibition Under Auspices of South Louisiana Association Attracting Large Crowds—Fine Array of Exhibits—Ideal Weather Facilitates Carrying Out of Interesting Program—Baby Contest Winners.

With ideal fall weather prevailing and all other conditions equally propitious, the fifth annual South Louisiana Fair was formally opened Thursday under exceptionally felicitous auspices. As has been the custom since the establishment of the enterprise in 1913, Mayor Martin Behrman of New Orleans was on hand to make the principal address at the inaugural ceremonies, and in the course of his remarks emphasized the community of interest that exists between city and country and stressed the importance of fairs as a means of bringing the city dweller and his country neighbor into closer relationship and promoting the material prosperity of both urban and rural localities. Commenting on the regrettable fact that the cattle display at the present fair had been eliminated owing to the failure of Ascension to enforce compulsory dipping and thus acquire tick-free standing, Mayor Behrman declared that if this section does not wish to be discriminated against in this respect, it must make up its mind to conform to the federal and state regulations on the subject of tick eradication. These requirements are for the public good, and now more than ever the people everywhere should stand together for the observance of all measures calculated to conserve and increase the nation's resources, and should give their unquestioning obedience to the laws enacted in behalf of the common weal.

Mayor Behrman came up from New Orleans in an automobile with a party of friends, and was extended a cordial welcome to Donaldsonville, where he is held in high esteem.

The ceremony of opening the fair took place at noon, as scheduled, and was preceded by a parade of school children from the campus of the Donaldsonville High School to the fair grounds. The procession was headed by the Claiborne Williams brass band and besides the cadet companies of the high school and St. Joseph's Commercial Institute, comprised all of the pupils of those institutions and of St. Vincent's Institute.

Dr. E. K. Sims, mayor of Donaldsonville, presided over the opening ceremonies, and introduced Mayor Behrman.

The array of exhibits in the agricultural department is unusually extensive—far more comprehensive and of much higher quality, in fact, than of any preceding fair. St. Charles, St. John, St. James, Ascension, Iberville and other parishes are represented by magnificent displays, and Orleans also comes to the front with a splendid showing of farm products, especially in the way of foodstuffs put up in cans and jars in the municipal kitchen by the children of the orphan asylums under the supervision of the Orleans Food Preparedness Commission.

The women, as usual, carry off a large share of the honors of the show, and their department is truly "big, better and better than ever" in all of its various subdivisions.

The display of manufactures is exceedingly creditable, Orleans and Jefferson being prominent factors in the eminence attained by this feature of the fair.

Demonstrations of the making of "war bread" with ingredients other than wheat are being given daily by Miss Armstrong, in charge of the New Orleans municipal kitchen exhibit. There are also demonstrations of fireless cookers, food drying devices, and other paraphernalia for the conservation of foodstuffs.

Owing to the failure of Ascension parish to dip under federal supervision as a measure of tick eradication, owners of immune cattle and cattle in tick free territory were unable to exhibit at the fair. Under the circumstances it is advisable not to receive cattle exhibits of any nature and therefore closed the cattle barns.

A meeting of the board of directors of the fair association has been called by President Lewis E. Murrell for tomorrow morning at 10 o'clock, in order to take up and correct in the interest of future fairs any mistakes and shortcomings which may have appeared in the operation of the present fair while they are still fresh in mind. All department superintendents have been invited to attend the meeting in order that the management may receive the benefit of their suggestions and advice.

Friday School Day.
School day brought out a record throng of children and grown-ups, and was marked by an interesting program of athletic and literary events. The exercises were inaugurated with a parade from the high school campus to the fair grounds, in which more than two thousand boys and girls marched, representing several of the parishes embraced in the fair association.

Warren Easton High School of New Orleans won the class A track and field meet, scoring 43 points, while its nearest competitor, Napoleonville High, scored 27. Reserve High School sprang the surprise of the day by winning the class B meet with 4 points to spare, defeating Warren Easton of New Orleans, which scored 19, Donaldsonville being third with 14.

John Bornman, the lone entry from the Donaldsonville High School, was the individual star in his class, coping two first places, a second and a third. His performance was by far above the standard for boys under 15 years of age.

Baylot of the New Orleans High School won the 50, 100 and 200-yard dashes in fair time. The day was exceedingly warm, and the stamina of the athletes was thoroughly tested through the hard grind.

New Orleans High School won the relay race, while the Brusly girls' basketball team won their game from Napoleonville by a score 11 to 1.

The Napoleonville girls' tennis team won by default, this being the only event in which there was not a full entry.

O'Kelly and Nolan of New Orleans won the tennis doubles, while O'Kelly was the victor in the singles.

Warren Easton High won the basketball championship in great style from Gonzales in the final 19 to 2. In the preliminary games the New

Orleans team defeated Napoleonville, 22 to 16, and Gonzales trounced Reserve, 20 to 6.

Better Babies Contest.

The better babies contest brought out a total of thirty-three entries, and the competition was keen in each division. Dr. H. G. Kimbarger, of New Orleans, officiated as judge and announced the following awards:

Boys, 6 to 12 months—Ralph Hylton Sims, 995 per cent, first. Girls—Rose Mary Munson, 995 per cent, first. Eight babies examined.

Soldier Boys Arrive.

Fifty-odd members of Co. H, First Louisiana Infantry, arrived here from Camp Beauregard this morning on the early T. & P. train. They will be joined tomorrow by a score or more of their comrades, who stopped off at Baton Rouge for a visit to their respective homes, and the entire squad will remain here until tomorrow night. The boys will be the guests of the city during their stay, a fund having been raised by public subscription to provide them with meals and entertainment. They will give exhibition drills at the fair grounds today and tomorrow.

The detachment is composed principally of young men from this section, of whom there are a large number in Co. H, and their presence will undoubtedly serve to attract a very large attendance to the fair on the remaining days of the big show.

Programs for Today and Tomorrow.
Today will be Jefferson parish day, and an attractive program will be presented. The racing card will comprise two fast events, 2:20 and 2:15 classes, trot or pace, best three in five heats, for purses of \$200 each. In addition there will be a football game between the teams of the Jesuits' College of New Orleans and Baton Rouge High School, and the southern A. A. U. five-mile team and individual championship.

L. di Benedetto, of New Orleans, is in charge of the athletic department of the fair. P. J. Flanagan, J. Han Meyer, Jack Downing, Perry Roehm, Claude Simon, Ted Gormley, Cy. Hickey and Henry Frantz, all of New Orleans, will act as officials.

The entertainment program for Sunday, the closing day of the fair, will be featured by a baseball game between the Napoleonville and Baton Rouge teams, and high-class harness and running races.

To Argue Police Jury Suit Oct. 11.

The locally celebrated case of Joseph Gonzales et al. vs. C. H. Landry et al., known as the police jury suit, is fixed for argument in the state supreme court Thursday next, the 11th inst. The case involves the right of Messrs. Joseph Gonzales and E. D. Dixon to sit as members of the police jury from the seventh and eighth wards, respectively, under appointment by Gov. Pleasant in accordance with the terms of the Morgan act passed at the last regular session of the general assembly, whereby the two east Ascension wards named were each given an additional representative in the police jury of the parish.

The hay crop that flourished throughout the summer on the campus of the Donaldsonville High School has been harvested, effecting a material improvement in the appearance of the school grounds. We were inclined to take unto ourselves a measure of the credit for this good work, because of the gentle suggestion in last week's Chief that the school lawn be barbered, but Principal Vickers takes some of the conceit out of us by declaring that he has been trying to have the job done for some time, and only succeeded this week in getting hold of a man to handle the scythe.

Assistant State Engineer Joe Monget, with Commissioners J. F. Saxon and Henry C. Braud of the Pontchartrain levee board, visited the scene of the caving batture in front of Mr. O'Neill's residence in the Crevecoeur Settlement on Wednesday last. Mr. Monget is of the opinion that the situation there is not sufficiently serious to require the construction of a new levee before the next high water.

Mrs. E. K. Sims and her little son, Ralph Hylton, and Mrs. R. H. Prosser motored to Baton Rouge on Thursday last week, returning home the following afternoon.

CALOMEL WHEN BILIOUS? NO! STOP! MAKES YOU SICK AND SALIVATES

"Dodson's Liver Tonic" Is Harmless To Clean Your Sluggish Liver and Bowels.

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you may lose a day's work.

Calomel is mercury or quicksilver which causes necrosis of the bones, Calomel, when it comes into contact with your bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out," if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tonic tonight on my guarantee.

Here's my guarantee—Go to any drug store and get a 60 cent bottle of Dodson's Liver Tonic. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous I want you to go back to the store and get your money. Dodson's Liver Tonic is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick. I guarantee that one spoonful of Dodson's Liver Tonic will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tonic will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste.

Catarrhal Cough

Mr. W. S. Brown, R. F. D. No. 4, Box 82, Rogersville, Tennessee, writes:

"I feel it my duty to recommend Peruna to all sufferers of catarrh or cough. In the year 1909, I took a severe case of the la grippe. I then took a bad cough. I had taken all kinds of cough remedies but got no relief. I then decided to try Peruna. I used five bottles. After taking five bottles my cough stopped and my catarrh was cured. My average weight was 115 and now I weigh 143.4. Any one suffering with catarrh in any form I will advise them to take Peruna."

Any one Suffering with Catarrh in Any form I will Advise them To take Peruna
